RESPONSIBILITY ON THE TEAM

As Maintenance/Construction Manager, “Chief” Dittmer is responsible for the oversight of operational and maintenance concerns for Grubb & Ellis|Thomas Linderman Graham’s managed properties. Donald leads the company’s team of 11 Building Engineers and is responsible for tenant construction and major capital improvement projects, overseeing them from start to finish.

CAREER SUMMARY

Donald has 36 years of maintenance, operational and engineering experience and more than 12 years of construction management experience. His tenure in the industry and his hands-on knowledge of mechanical and building systems make him an asset to the Grubb & Ellis|Thomas Linderman Graham team. Prior to joining the company, Donald spent 18 years with Grubb & Ellis in Cleveland, Ohio, where he held similar responsibilities. His last project in Ohio involved overseeing the \$7 million restoration of a one-million-square-foot historic department building in downtown Cleveland.

EDUCATION

Donald attended the United States Navy Air Conditioning and Refrigeration School and holds a Universal HVAC Certificate.
