

The logo for WAKE PLASTIC SURGERY features a stylized blue wave graphic above the word "WAKE" in a large, bold, serif font. Below "WAKE" is the phrase "PLASTIC SURGERY" in a smaller, all-caps, sans-serif font.

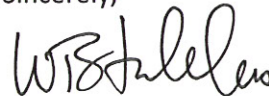

WAKE
PLASTIC SURGERY

April 4, 2009

To whom it may concern:

This letter is in support of Janet Clayton and her work as a commercial real estate agent. Janet has been the consummate professional in helping me transition into the Cary, NC business world. I am a plastic surgeon who finished residency in June of 2008 and decided to start my own practice shortly thereafter. I knew very little about the business side of private practice and needed quite a bit of help finding and negotiating a business lease for my office. I found Janet to be quite prompt and easy to reach at all times. She was very timely in responding to my questions and concerns. She worked very well with my lawyer to establish and work out the legal details of my lease. I found her to be a hard worker who is professional and approachable. I felt that she had a good understanding of when to push harder and when to back off during the negotiating process. She was very much able to make decisions for me, but was always sensitive to my concerns and opinions. I am quite happy now in my current situation and would recommend Janet to others without reservation. She has maintained an interest in my practice still and has often suggested ways for me to even better integrate into the business world. I think that she very much enjoys her work and is excellent at meeting her goals. I will certainly look for her assistance when my current lease expires and I am ready to move to my next location.

Sincerely,

A handwritten signature in black ink that reads "W. Stoeckel".
