

Micro Medic, Inc.

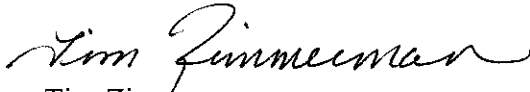

John,

This is the second time I have had the pleasure of working with Lee Clyburn. Both times he was very professional and brought a wealth of knowledge to the eventual deals. His attentiveness to our needs made the whole process enjoyable for us.

He also was extremely valuable during the negotiating process. He was able to show us how to negotiate and save tens of thousands of dollars in the final deal. Without his guidance that money would have been left on the table with us none the wiser.

I know other real estate brokers in the area, but I will always recommend Lee first to anyone looking for a real estate broker.

Regards,

Tim Zimmerman
